FSIPS — Baseline Visual Specification
Version: v0.1

Purpose
Defines the minimum visual contract for FSIPS exercise notation.

Core Principle
The visual represents a playable instance, not the exercise definition.

Required Visual Elements
- Ordered pitch sequence
- Rhythmic grid with pattern-derived time signatures
- Starting tempo (with future tempo progression support)

Defaults
Neutral articulation, dynamics, phrasing, and register.

Optional Elements
Fingering, string numbers, position markers, repeats.

Explicit Exclusions
Technique markings, overload metadata, tuning diagrams, register fixation.

Scope
Designed for warmups, scales, arpeggios; expanded later via versioning.
